Network printing on a Dymo LabelWriter with the SX-300U

This is a step by step manual how to install the SX-300U to network any Dymo LabelWriter.

Dymo LabelWriter 330 Turbo, 320, 310, 400 Turbo, 400, Twin Turbo are supported by those silex technology print servers:
SX-300U, SX-5000U2, SX-1000U, SX-2000U2, SX-2000WG, SX-3700WB.

SX-2000U2, SX-2000WG, SX-1000U and SX-3700WB use different printing methods - please use JC-Print Port 2002 or SX-Virtual Link.

Before you start:

- This setup shows how it works on „Dymo LabelWriter Software Version 7.0 for Windows“ – lower versions might vary
- Configure the SX-300U to make it available on the network. (Quicksetup e.g.)
- Connect SX-300U to the network and to your Dymo LabelWriter

Please run the setup from CD and choose your language
